7:45am-5:30 pm

LEADERSHIP

Ops Director: Mary Smith, CLIA

Director: John Tofaletti, Ph.D.,

Manager: Pamela Nelson,

Supervisor: Natasha Rogers,

Administrative Assistant: Natasha Ray

LAB'S FOCUS: To honor Duke Values and provide excellent care to our patients.

YEARLY AVERAGE VOLUME: 23,000 tests

*Patients have the option to visit one of the **Lab and Leave** locations for their blood draws instead of traveling back to the doctor's office or Duke campus. The service is normally quick and convenient for patients that travel a long distance for their doctor visits. Leave and lab is offered at a select few Duke locations within a 50 mile radius of Duke campus.*

TEST MENU:

Basic Metabolic Panel (BMP), Complete Blood Count (CBC), Viral assays and tests, Pregnancy tests, and Urinalysis. For a complete list, click [this link](#).

FUN FACTS:

Lab members celebrate each holiday with a decorated tree and celebrate everyone's birthday.

DHCL staff help out at Duke Hospitals during staff shortages.

Lab members consider themselves "fun sized" because they are all under 5'2"!

TEAM: 5 members; MLS Senior, MLS and 3 CLTII's.
